.....APPROVAL..... OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

.....This permit is issued subject to all existing rights on the source
and is limited to what the well will produce but not to exceed 0.16 c.f.s.
It is understood that the amount of water herein granted is only a temporary
allowance and that the final water right obtained under this permit will be
dependent upon the amount of water actually placed to beneficial use. It
is also understood that this right must allow for a reasonable lowering
of the static water level at permittee's well due to other ground water
development in the area. A substantial weir or other type of measuring
device must be installed and measurements of water use kept, and a method
provided, either air line or opening, for measuring depth to water. The
State retains the right to regulate the use of the water herein granted at
any and all times.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and
not to exceed.....0.16.....cubic feet per second.

Actual construction work shall begin on or before.....July 24, 1963

Proof of commencement of work shall be filed before.....August 24, 1963
